

ABOUT ME

My background is in Art and Design which led me to work in the screen printing industry for many years. Now I'm starting on a new adventure in the web development field. I've always enjoyed challenges and troubleshooting so I knew I'd be a great programmer. I'm a fast learner that easily adapts to new situations.

ABOUT ME

My background is in Art and Design and I've worked in the screen printing industry for a long time. But now I'm starting onto a new adventure in the web development field. I can learn fast and adapt to changes quickly. My web development education has mostly been front-end with HTML5, CSS, JavaScript, and React.js. I have also learned some back-end technologies such as Node.js, Express and MySQL.
